MOULDED PANEL

Madero is proud to partner with Masonite® to provide moulded panel doors that have been transforming interiors for over 80 years. Together we are relentlessly committed to delivering product, service and design innovations which will enhance the beauty and functionality of your home.

Quality Is Our Standard

Moulded panel doors from Masonite are more durable and resist warping, shrinking and cracking. These beautifully engineered doors are available in a smooth or textured woodgrain finish, with matching bifolds to suit any decor. They come in a wide range of widths and heights and are primed for easy finishing.

By-product wood chips and timber from sustainably managed forests are used at Masonite facilities, with a commitment to environmental excellence in every step of the door manufacturing process.

 *Masonite*®
the beautiful door™

Hollow Core

- Perfect solution for budget-minded customers.
- 1-3/8" or 1-3/4" thickness available; primed white and ready to paint.
- Contains pre-consumer recycled content, resource efficient materials and a honeycomb core.

Safe 'N Sound® Solid Core

- For reduced sound transmission; ideal for bathrooms and bedrooms where privacy and safety are a concern.
- 1-3/8" and 1-3/4" thickness available in most moulded panel designs and sizes.
- 20 minute fire rating available in 1-3/4" thickness only.
- Offers heft and feel of solid wood; primed white and ready to paint.
- Manufactured with DorCor™, a low density fiberboard made from wheat straw (annually renewable, agricultural, wheat by-product).

Safe 'N Sound® Emerald™ Solid Core

- Ideal product for allergen-sensitive customers requiring optimal air quality.
- 1-3/8" and 1-3/4" thickness available in most moulded panel designs and sizes.
- 20 minute fire rating available in 1-3/4" thickness only.
- Offers heft and feel of solid wood; primed white and ready to paint.
- Forest Stewardship Council (FSC) certified wood, containing environmentally preferred products: low emissions adhesives and sealants, extremely low VOC emissions, and no added urea-formaldehyde (NAUF).

Woodport Doors is a seasoned, quality supplier of authentic wood doors, located near the rustic forest region of Wisconsin's North Woods. This area has a long history of the woodworking trade, and they are proud to continue the craft. Skilled men and women build stile and rail wood doors as beautiful as they are strong. Make your dream door a reality from a wide product selection – we're confident you'll find the perfect style for your home.

FRENCH DOORS

French doors are a smart choice for adding privacy to a study or home office, without robbing it of valuable lighting. In addition to keeping light flowing into the room, they provide a secure view into your home. The need to hold private conversations or finish work at home may isolate you from your family. By using French doors, you won't be secluded behind a solid wood door, and they serve as a buffer to various household noises. Choose from traditional designs with nostalgic charm, or modern panel lite styles for a fresh new look. Glass options are available to suit every taste.

LUXURY RESIDENTIAL

With architects, designers, and builders in mind, Madero's design team is current on the latest trends and materials. They are committed to supplying industry standard doors, hardware, mouldings, and accessories that not only look beautiful, but can endure the rigors of time.

Whether the focus is modern, contemporary, colonial or eclectic, Madero has a deep respect for the subtleties of good, timeless design. Wood veneers matched to the most precise millwork, hardware forged from solid brass, and hinges that glide effortlessly, are just a few of the luxuries available from some of the world's most reputable manufacturers.

Custom Designed, Built to Last

Madero's luxury residential doors stand up to heavy traffic. Greatly exceeding established standards, they're the toughest in the industry. A perfect blend of beauty and durability.

INTERIOR DOOR COLLECTIONS

MODERN ARCHITECTURAL DESIGNS

Natural, warm woods are all the talk these days and walnut may be the perfect candidate. Bridging the gap between old and new, the honey and caramel shades of walnut create visual texture, adding warmth and elegance to any living space. Pair with bronze finished hardware for a step back in time, or with polished or brushed stainless steel for a cutting edge, modern look. Available in 1-3/8" or 1-3/4" thickness.

Flush

Flush

A timeless, uninterrupted look places focus on the natural beauty of the wood, while showcasing the hardware and surrounding decor.

Face Groove

CNC machined custom face grooves can be created in any shape or pattern. Grooves can be left raw or painted in any colour to match a home's interior style.

Face Groove

Stainless Steel

Solid stainless steel inlays provide a modern, architectural look while matching the hardware throughout the home.

Options

- Pre-machining to match any hardware and hinge configuration
- 20, 45, 60, and 90 minute fire rating available
- Plastic wrapping for protection during construction
- Matching flat jambs, rabbeted jambs or casing-integrated jambs for a consistent and polished finish

As shown: quarter sliced, book matched, horizontal grain walnut with hand rubbed custom stain.

Stainless Steel Inlay

White Oak Rift Cut

Looking for a lighter alternative? Horizontal grain rift-cut white oak is a great option while still achieving a modern but timeless feel.

WOOD FRAME OPTIONS

Madero Jamb Packs

Choose from primed MDF or matching wood veneer, ready to paint or stain. Madero's jamb packs ship complete with flat jamb or rabbeted jamb, door stop (flat jamb only), machined jamb, and three 3-1/2" ball bearing hinges on handed jamb packs. Reversible jamb packs include plain bearing reversible hinges.

- Bullnose or Colonial stop available
- Jamb packs are available left or right handed, or reversible

Custom Frames

Choose from primed or matching wood veneer, ready to paint or stain. Available for 1-3/8" or 1-3/4" doors; jamb depths to accommodate wall thickness.

FIRE RATED FRAME OPTIONS

Madero offers the best in door components for the ultimate finished look. Choose a matching frame to complement your new door, made of primed finger joint pine, smooth white or textured woodgrain composite, or galvanized steel.

When safety standards are a priority, choose fire rated doors and frames. Madero's interior door product line features the standard 20 minute Warnock Hersey fire rating, with optional 45, 60, and 90 minute ratings available. These materials can withstand extreme temperatures and keep what's inside safe.

fire-rated
Madero 

Intertek

20 Minute Fire Rated Finger joint Pine Frame (primed)

Primed, kiln-dried fingerjointed pine frames provide beauty and strength with a Warnock Hersey certified 20 minute fire rating. They are suitable for interior or exterior use when painted or stained.

- Available up to 8-7/8" jamb depth
- Available with or without kerf application

20 Minute Fire Rated Composite Frame

Madero's unique composite jamb product offers built-in advantages that are unmatched in the door industry. Our maintenance-free product means less work for you and longer life for the entry unit. Composite frames are very strong, with superior screw holding power and a tough exterior finish. Available in both smooth white and textured woodgrain finishes, these frames are designed to coordinate with any color and style of door.

- *Available in 4-9/16", 6-9/16" or 8-9/16" jamb depths only*
- *Prefinished Smooth White can be painted*
- *Textured Woodgrain requires stain or paint*

90 Minute Fire Rated Steel Frame

Steel frames provide additional security as they are strong and durable, with a Warnock Hersey certified 90 minute fire rating. They are suitable for a variety of applications including welded, expandable and drywall anchored frames. Galvanized steel frames will accept paint, and require minimal maintenance.

RESIDENTIAL HARDWARE
